## The New 50,000 BTU SunStar Glass

The SunStar Glass is a wind- and rain-resistant patio heater developed to warm

a variety of hard-to-heat areas and extend the use of outside areas. This SunStar Glass is now available in a powerful two-stage setting of 34,000 to 50,000 BTU. This makes it ideal for restaurant patios, outdoor entertainment, and dining areas as well as residential patios and porches.
