German Engineering

Experience the traditional-shaped design of the Lina G 36-28 gas fireplace, which is rooted in a classic fireplace style and offers a generous view of the fire. Realistic elements of the fire are framed in a modern format. The focus remains on delivering the perfect fire experience at the highest technical level. Within this flame aesthetic, function and safety are perfectly paired. Contact: www.camina-schmid.com.

Tempotest Home Capstone Collection

Tempotest Home, a leading manufacturer of premium outdoor fabrics, announces the launch of its latest collection, Capstone. As a crowning luxury collection, it showcases fabrics woven with premium, long-staple solution-dyed acrylic fibers that are suitable for outdoor performance, but given their incredible softness, can easily be used for interior design. The incredible performance and elegant design can elevate and enhance the livability of your home. Contact: www.tempotestusa.com.
